Strategy

Hikma's strategy is to deliver high quality, affordable medicines and make healthcare more accessible to patients by delivering more from its strong foundation, inspiring and enabling its people, and building a portfolio that anticipates future health needs across its three business segments.

Injectables

We supply hospitals across our markets with generic injectables, supported by our manufacturing facilities in the US, Europe and MENA. In the US, we have broadened our product offering to include compounded sterile injectables.

Generics

We supply oral and other non-injectable generic and specialty branded products in the US retail market, leveraging our state-of-art manufacturing facility in Columbus, Ohio.

Branded

We supply branded generics and in-licensed patented products from our local manufacturing facilities to retail and hospital customers across the MENA region.
